

# 2015—Leadership Roundtable

Overland Park, KS

August 4th, 2015

The Mid-America CADD Community is pleased to offer a Leadership Roundtable to our Community. This is an opportunity for Project Managers, Program Managers, Technology Leadership, CIO|CTO and other decision makers to gather and discuss industry challenges and trends that affect our practices everyday.

This half day event is a great opportunity to navigate and learn about the ever changing technology front with Industry technology professionals and industry peers. Discussions will start with a brief presentation on the topic and transition to an open and honest dialog about the challenges our industry is facing.

## Agenda:
