The screenshot displays the ProjectWise Explorer application window. The left pane shows a tree view of 'ProjectWise Explorer Datasources' with a folder structure including 'Account Services' and 'Valley College Project'. The main pane shows a list of files with columns for Name, Description, and File Name. A context menu is open over the file 'A 100.pdf', listing actions such as 'New', 'Open', 'Copy Out', and 'Properties...'. The 'Properties...' option is selected, opening a 'Document Properties' dialog box. This dialog contains a table with the following data:
