

CONFERENCE MATRIX - DAY 1, August 2, 2016 (Tuesday)

7:15 - 8:15	Registration						
8:15 - 9:15	Keynote Speaker – Al Gray						
	Platform	Civil	ProjectWise	Potpourri	Platform Workshops	ProjectWise Workshops	Civil Workshops
9:30 - 10:30	What's New in the MicroStation CONNECT Edition	An introduction to OpenRoads ConceptStation	ProjectWise for Civil Users	Reality Modeling with Context Capture and UAVs	Managing MicroStation CONNECT Configurations Dave Mayer Bentley Systems	Managing Transmittals, Submittals and RFIs with ProjectWise Deliverables Management Bob DeFeo Bentley Systems	Creating Civil Cells in OpenRoads Lisa Whitson Bentley Systems
Instructor	Steve Rick Bentley Systems	Alvie Griffith Bentley Systems	Phil Conard Bentley Systems	Calex Gonzalez HDR			
10:30 - 10:45	BREAK						
10:45 - 11:45	Civil Visualization	Using OpenRoads Navigator for Review and Inspection	Mobility with ProjectWise	LumenRT	Using Reality Models in MicroStation Steve Rick Bentley Systems	Gain Project Insights with New Project Performance Dashboards Phil Conard Bentley Systems	Overlay, Milling, and Widening in OpenRoads Chuck Lawson Bentley Systems
Instructor	Steve Rick Bentley Systems	Alvie Griffith Bentley Systems	Bill McNamara Bentley Systems	Jack Riley Burns & McDonnell			
11:45 - 1:00	LUNCH						
1:00 - 2:00	Reusable Content with Catalog Services in MicroStation CONNECT Edition	Working Effectively in the OpenRoads Modeling Environment	Scale ProjectWise to Support Design Worksharing	Making the Translation	Using Reality Models in MicroStation Steve Rick Bentley Systems	Gain Project Insights with New Project Performance Dashboards Phil Conard Bentley Systems	Overlay, Milling, and Widening in OpenRoads Chuck Lawson Bentley Systems
Instructor	Dave Mayer Bentley Systems	Lisa Whitson Bentley Systems	Marty Nickel Bentley Systems	Darrin Dickerson Burns & McDonnell			
2:00 - 2:15	BREAK						
2:15 - 3:15	Generating Deliverables with MicroStation's Documentation Center	Using the Model: Preparing for Plans Production in OpenRoads	Resolve Field Issues with ProjectWise Issues Resolution	Print Organizer	Using Reality Models in MicroStation Steve Rick Bentley Systems	Gain Project Insights with New Project Performance Dashboards Phil Conard Bentley Systems	Overlay, Milling, and Widening in OpenRoads Chuck Lawson Bentley Systems
Instructor	Dave Mayer Bentley Systems	Lisa Whitson Bentley Systems	Bill McNamara Bentley Systems	Nathan Good Burns & McDonnell			
3:15 - 3:30	BREAK						
3:30 - 4:30	Working with Connected Projects and Connected Users	Sharing OpenRoads for Review and Construction Workflows	ProjectWise for the Revit User	PowerShell with ProjectWise	Using Reality Models in MicroStation Steve Rick Bentley Systems	Gain Project Insights with New Project Performance Dashboards Phil Conard Bentley Systems	Overlay, Milling, and Widening in OpenRoads Chuck Lawson Bentley Systems
Instructor	Dave Mayer Bentley Systems	Alvie Griffith Bentley Systems	Marty Nickel Bentley Systems	Kevin van Haaren HNTB			

CONFERENCE MATRIX - DAY 2, August 3, 2016 (Wednesday)

7:30 - 8:15	Registration						
	Platform	Civil	ProjectWise	Vendor	Platform Workshops	ProjectWise Workshops	Civil Workshops
8:15 - 9:15	Design, Drawing, or Sheet: Deciding Which One to Use	Tips and Tricks for Optimizing Corridor Processing Speeds	ProjectWise EADOC	Increase Quality, Productivity and Profit by Using Point Clouds	The User Experience: Introducing The MicroStation CONNECT Edition Dave Mayer Bentley Systems	Provide a Common Data Environment for BIM Collaboration Phil Conard Bentley Systems	QuickStart Using OpenRoads Technology Lisa Whitson Bentley Systems
Instructor	Steve Rick Bentley Systems	Chuck Lawson Bentley Systems	Bob DeFeo Bentley Systems	Ted Knaak Certainty3D			
9:15 - 9:30	BREAK						
9:30 - 10:30	Sheets Happen	Understanding Design Intent and How it Impacts OpenRoads	Bentley's Approach to the Cloud	Automatic GIS Asset Extraction from Point Cloud Data			
Instructor	Jeanne Aarhus Aarhus Associates	Alvie Griffith Bentley Systems	Bill McNamara Bentley Systems	Ted Knaak Certainty3D			
10:30 - 10:45	BREAK						
10:45 - 11:45	MicroStation for AutoCAD Users	Creating Centerline Geometry	Introduction to ProjectWise Project Performance Dashboards	Bluebeam			
Instructor	Larry Schmitendorf KCKCC	Chuck Lawson Bentley Systems	Bob DeFeo Bentley Systems	Bluebeam			
11:45 - 1:00	Lunch Time						
1:00 - 2:00	Elements and Tasks: The Glue Between Your Users and CAD Standards	Why You Need Civil AccuDraw	Introducing Bentley Navigator CONNECT Edition	KDOT Digital submissions using Altiva Software Utilities	Sheet Creation and Indexing in a Civil Project (Documentation Center) Steve Rick Bentley Systems	ProjectWise Experts Round Table Bill McNamara, Marty Nickel and Phil Conard Bentley Systems	Approach and Driveway Modeling in OpenRoads Alvie Griffith Bentley Systems
Instructor	Jeanne Aarhus Aarhus Associates	Ben Swanson-Chrisman Black & Veatch	Rob Riley Bentley Systems	Matthew Tolmie Altiva			
2:00 - 2:15	BREAK						
2:15 - 3:15	Finding V8i Tools in the Connect Ribbon	End Conditions	Managing transmittals, submittals and RFIs with ProjectWise Deliverables Management				
Instructor	Larry Schmitendorf KCKCC	Chuck Lawson Bentley Systems	Rob Riley Bentley Systems				
3:15 - 3:30	BREAK						
3:30 - 4:30	Announcements, Game & Giveaways - MACC Committee						
4:30
