If your company is looking at improving their BIM process, or if you're a local CAD User here in KC, then you may have heard about BricsCAD.

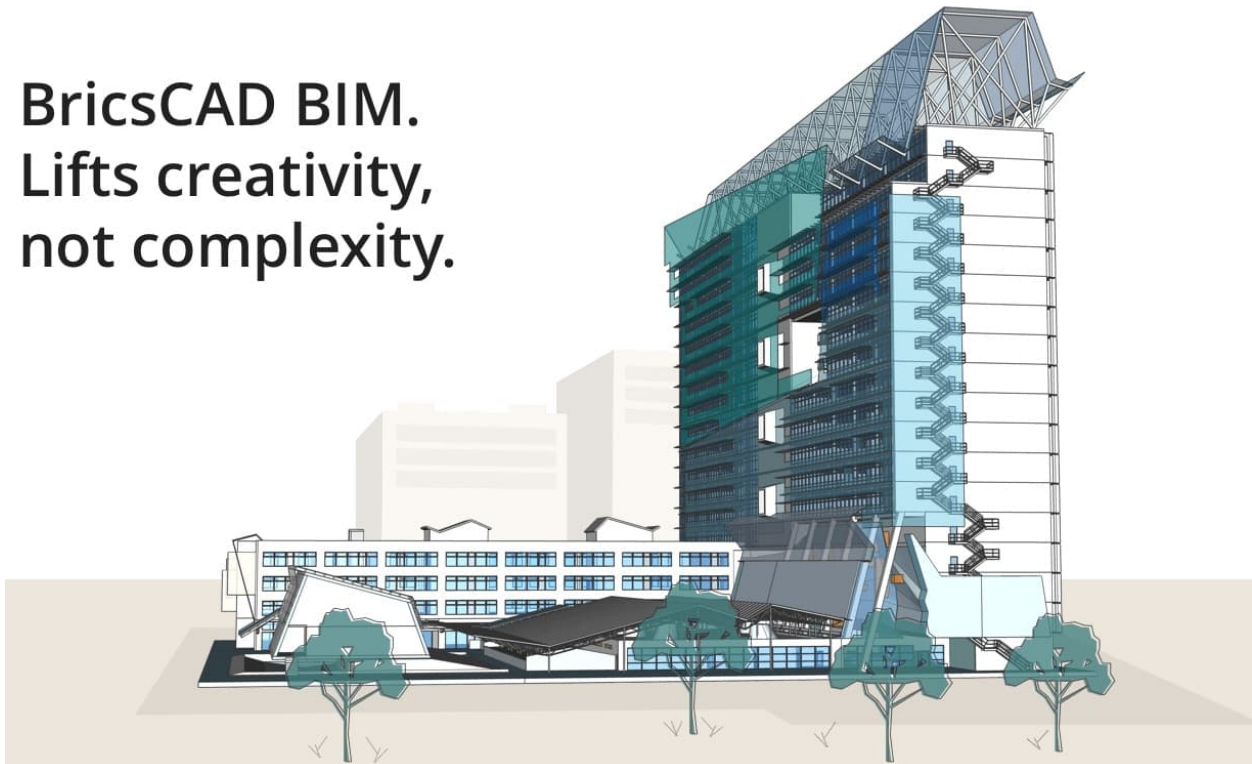

If not... *this is your chance.*

Kiewit will be hosting an opportunity to meet their technical expert here in KC next Tuesday, August 21<sup>st</sup> for a live demo of the BricsCAD products.

BricsCAD can be a viable alternative to the CAD solutions that you're using now:

- It provides the licensing options and flexibility that you need.
- It is a lightweight but powerful CAD program.
- It is based on the DWG format.

**BricsCAD BIM.  
Lifts creativity,  
not complexity.**

**When: Tuesday, August 21<sup>st</sup> @ 6:00pm**

**Where: Kiewit, 9401 Renner Blvd, Lenexa KS**

Please RSVP to [Kurt.Johnston@Kiewit.com](mailto:Kurt.Johnston@Kiewit.com)
